The 160km also uses last year's route taking a northerly direction, skirting Burton upon Trent, to Utoxeter. The return leg skirts Lichfield on the way back to the start.

The 200km re-visits a route used in the 90's, the Green Heart Of England. It travels west around the southern fringes of Birmingham to Kinver then north to Cannock Chase. The return leg is through the lanes east of Tamworth.
